OUTCOMES

Upon the project's completion, users will have the ability to purchase a variety of books via the website. Without registering, users can access the website through a web browser and browse different genre books, ultimately making purchases as desired. Additionally, admins will have the capability to easily add or remove any genre book from the system. Users can conveniently place orders for the books they require in the desired quantity.

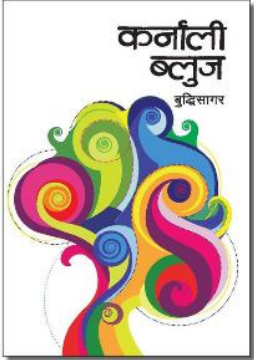

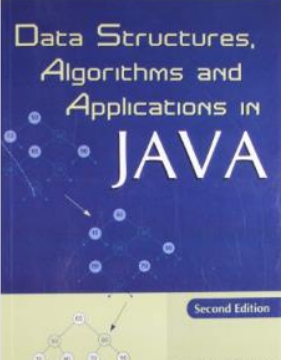

Goals 01

Building a community of readers.
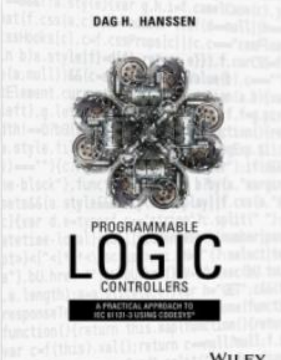

Goals 02

Support independent author and publishers.
